

DriveCel30 Light Duty
20 x 20 x 1.2"
500 x 500 x 30mm

DriveCel50 Heavy Duty
20 x 20 x 2"
500 x 500 x 50mm

Product Benefits

- Offer a 10 yr warranty to your clients
- Reduce your base by half with 50mm units
- Can be driven on before paver installation
- Can handle the weight of heavy duty commercial vehicles
- Perfect for permeable installations when using a clear base and bedding material

Product Features

- Manufactured of 100% recycled low density polyethylene
- Very durable - resistant to biological, chemical and UV degradation
- Lightweight, quick and easy to install
- Works where compaction is challenging and can be installed in damp conditions
- Fully supports the bottom of the paver
- When installed on a traditional base - lay in top lift of aggregate under bedding
- With a clear base - lay on clear stone in the bedding
- DriveCel installs 1 sqm at a time or separate into 4 units.
