

RIVERCREST® Wall

PATTERN A

67% 57 mm 33% 114 mm

CLUSTERING

Installing Rivercrest in “clusters” helps eliminate height discrepancies between units. See examples below.

Shaded area represents repeatable pattern.

NOTE: Some patterns may not necessarily reflect the percentages of stone sizes within a particular bundle configuration. In some cases you may have extras in one or more of the sizes. This must be accounted for in your planning and design.
