	Unit per Layer	18.00
	Unit Per Pallet	60.00

	Lbs per Pallet	1,125
--	----------------	-------

Notes: All measurements are nominal.

FIRE PIT WARNING

Wood-burning fire pits must be lined with a proper metal insert or refractory (fire-rated) brick to protect the concrete components from extreme exposure to heat. Extreme heat on a concrete surface may affect the structural integrity of the concrete and can be dangerous. The floor of the fire pit should always be constructed using refractory brick or a sand bed. For your safety, always use a spark screen over the fire.

FIRE PIT INSERTS SOLD SEPARATELY
